(6) I agree that the audit office could not have raised any objection to the grant of increment to Mr. Kaniyar Narasimha Iyengar when a clear entry had been made in the increment certificate that the Medical Probationer was drawing a pay of Rs.87 as substantive Medical Probationer. The initial error arose when the order of confirmation of Mr. Kaniyar Narasimha Iyengar was ordered by the Durbar Surgeon himself and the grant of an increment not due was only a natural consequence. Moreover, when the appointment of Mr.Kaniyar Narasimha Iyengar was sanctioned by Government, it ~~stood~~ stands to reason that the authority to order the confirmation of the individual was also the Government and none else. This aspect of the question would have been brought to the notice of the Durbar Surgeon had he only

only consulted this office before the confirmation order was issued by him. There has, however, been no excess over the sanctioned scale as observed by the Financial Secretary.

17 As regards the Gradation list, I may say that Government have, in their order No.E.3146-95/P&S.19-22-14 dated 9-11-22 directed that the Gradation lists of medical subordinates should be printed once in three years. The last gradation list was printed in June 1926 and the new gradation list ought to have been printed in June 1929. But the increments of Sub Assistant Surgeons are now due from 5th October of each year, ~~and~~ so much so, that the relative position of each medical subordinate would entirely have changed in about 4 months and the printed list would be out of date. It is therefore arranged to get printed copies of the gradation list as it stood on 31st December 1929, and as soon as the printed copies are received at this office, the Comptroller will be furnished with a few copies of the same. I may however note that even in the absence of gradation list, there was absolutely no difficulty to ascertain the tenure of appointments held by several medical probationers, as the particular vacancies against which they are counted will invariably be explained to Government while recommending the appointment of Medical Probationers If any reallotment of vacancies be found necessary later, sanction of Government will be obtained in each case.

WD 066—GPB—30,000—26-7-29

Further, a consolidated annual schedule is now being sent to the Comptroller which furnishes all the information that a gradation list could give. In fact, the consolidated annual schedule is practically an annual gradation list in another form.

Absentee statements in respect of Sub Assistant Surgeons up to the end of November 1929 have been sent to the Comptroller.

To

CHIEF SECRETARY.
18 JULY 1929

The Offg.Chief Secretary to the
Government of Mysore, Bangalore.

SIR,

I have the honor to state, that on verifying the service registers of certain medical subordinates attached to the Krishnarajendra Hospital, Mysore, it is observed that the individuals have not only been confirmed in service but also granted increments with effect from the dates of their confirmation, by the Durbar-Surgeon and Medical Officer, Krishnarajendra Hospital, Mysore. According to the rules prevailing in this department, increments are usually earned by putting one year's service from the date of confirmation. The increments granted to the medical subordinates of the Krishnarajendra Hospital, are thus one year in advance and necessitates supercession of juniors over their seniors.

I may, by way of example, point out that Mr.Kaniyar Narasimha Iyengar, Medical Probationer who entered service on 9-6-1927 has been confirmed with effect from 9-6-1928 and been granted the first increment to Rs.92/- with effect from the 9th June 1928. His confirmation into service is not in order as his appointment counted against no permanent vacancy in the cadre of medical probationers. Even if his confirmation was due from 9-6-28, he would earn his increment by putting one year's service from that date. There are still two medical probationers who are seniors to Mr.Narasimha Iyengar and who are yet to be confirmed. Mr.Kaniyar Narasimha Iyengar should therefore be considered to be still on probation, and the excess of pay drawn by him at Rs.5/- from 9-6-28 to 1-8-1928 inclusive, recovered from his next pay bill.

P.T.O

(0

For a similar reason, the excess of pay at Rs.5/- drawn by Sub Assistant Surgeon Mr.V.E.Jayaram from 1-1-26 upto-date, should be recovered. I have requested the Medical Officer to effect the necessary deductions in the case of Mr.Jayaram. As regards the deductions to be effected in the pay of Mr.Kaniyar Narasimha Iyengar, now Acting Assistant Surgeon, I request that needful instructions may kindly be issued to the Comptroller of Mysore.

As the confirmations of and the grant of increments to the medical subordinates attached to the Krishnarajendra Hospital, Mysore, are to be regulated with reference to their relative position in the general cadre of the medical department, it is desirable that such cases be referred to this office. I solicit the early orders of Government in this matter.

I have the honor to be,

Sir,

Your most obedient servant,

S. Subba Rao.
